Secretary Reports On District Scout Activities

Mountain View Boy Scout District Reports on Progress

I wish to give a brief summary to date on the work done by your various committees and executive during the summer months.

Summer camp has been the order of the day for several troops and we hope that every troop will have a camp week next year. The Didsbury No. 1 troop and Carstairs held a joint camp at Camp Woods-Sylvan Lake with a total of 27 scouts and 3 leaders in attendance. The weather was most unpleasant but a great deal of praise for the type of leadership and cleanliness shown. We wish to thank Dr. C. T. McNichol, Mr. P. Beckner and Phil Sevan for their efforts. Olds also had a short stay at Deer Lodge Park and Dr. Pulton reports a busy time from 4 a.m. making pancakes—good show.

I am pleased to report two more towns are interested in starting the Scouts. Crossfield had 27 boys interested in starting Scouts. Crossfield have 27 boys interested and Conat. L. Clevette is the main driving force with Mr. Mumby, the Crossfield school principal is giving every assistance. We hope to see Crossfield organized next month. Cremona have 15 boys ready to start the Scouts and Mr. Russell Oiles is to be the Scout Master. Crossfield, F. Radway and Wm. Frizell have offered to serve on the Scout Committee. It is intended to have the Cremona group organized October 4th when the District Commissioner, Mr. Robertson and his assistants will be in attendance.

We have had two executive meetings this summer with the last one on the 22nd of September. I wish to bring out the highlights for your careful attention and action.

1. Scout Apple Day. This has been set by the committee for Sunday, the 16th of October. Each troop will arrange the purchase of apples but tags and advertising will be done by the council. With E. Leith, Harold Wilson and G. Thring setting as the arrangements committee. The charge for tags and other material to be \$3.00 per troop (only the town troops to pay). Each troop will retain its Apple Day funds.

2. District Committee Annual Meeting. To be held in Olds on Wednesday, 13th of October at 8:30 p.m. in the golf club under the rail yard crossing in south Olds. I request every group committee have full representation which also will include Cremona and Crossfield and any new group in the process of organizing in the district.

3. Bronze arrowhead Course — To be held in Olds, November 20 and 21, all troops to notify Dr. C. T. McNichol of names of interested attendees by October 20. This is in order to give the Olds members time to prepare accommodation.

4. St. John's Ambulance. First Aid Course will be held in Didsbury the first meeting to be in Didsbury Armouries, 5th of October at 8:00 p.m. for registration and organization of course. Any interested attendees St. John's please contact Dr. C. T. McNichol.

There will be a Junior St. John's Ambulance First Aid Course after New Year's for Scouts only. Further information later.

5. World Jamboree will be held August 18th to 26th, 1955. We have a quota of 8 scouts and any number of Scout leaders. Scouts required as service Scout which will include every thing including fare to Niagara on the Lake and return. The District Council must pass all applications for the jamboree and Dist. Com. Robertson has the application forms.

Geo. Thring, President.

TWO MORE TRACTOR FATALITIES

Two more farmers lost their lives under over-turned tractors last week. Edward Eilers, 50, of Viking was killed on Thursday when the tractor he was driving slipped off the shoulder of the road, overturned in the ditch, crushing him beneath. On Friday, Oliver LeFevre, 24, of Winterburn, was killed when his tractor overturned on a steep hill, pinning beneath the machine.

These two accidents bring the death toll from tractor mishaps in Alberta this year to at least 15.

LOCAL R.C.A.F. JET PILOT RECEIVES PROMOTION

Word has been received by Mr. and Mrs. F. Platz that their son, Conrad, has been promoted to the rank of flying officer. F. O. Platz is at present on an operational tour with the P-56 Sabre jet planes at Chatham N.B.

F. O. Platz is one of the comparative few in this world of ours who has crashed the sound barrier and speeds of up to 800 miles an hour are now a matter of course to the young pilot.

MOUNTAIN VIEW

(From Our Own Correspondent)

Mr. and Mrs. Eric Gooding entertained Thursday evening, the occasion being Mrs. Frank Gooding's birthday. Six tables of what were played. The evening came to a close with a beautiful birthday cake. Several gifts were presented to the honored guest. Mr. and Mrs. Joe Hunter and family had as their dinner guests, on Sunday, Mr. and Mrs. Sam Elliott, Jean and Bob. The latter is on holiday from Terrace, B.C. Mr. and Mrs. George Clarke, Carol and Cheryl, Mr. and Mrs. Pete Krykijewy and Mr. and Mrs. Cliff Helgren and family.

Sympathy is extended to the family of Mrs. Jack Haines, who died recently in an Edmonton hospital.

Mr. and Mrs. Ed Rouleau and Winona, of Pincher Creek, were weekend visitors with Mrs. Garnet Tighe.

WINTER SCHEDULE STARTS AT REDEEMER LUTHERAN

Beginning with Sunday, October 10, Redeemer Lutheran Church reverts to the winter schedule for divine services. Services will begin each Sunday at 11 a.m. followed by Sunday school and adult Bible class immediately after the service. However, on the first Sunday of each month, being Communion Sunday, the service will begin at 10:30 a.m. On Sunday, October 10, the congregation will celebrate the national day of Thanksgiving. A cordial invitation is extended to all friends of the congregation to join in praise! God for His goodness and for His wonderful works to the children of men.

On Thanksgiving Day, October 11, the Redeemer Lutheran League will be host to the Waltham League of the South Alberta Zone for their fall rally. This will begin at 10 a.m. with a devotion by Rev. E. B. Fox.

The Hammatt Hall Club met at the home of Mrs. Warren Conrad on Wednesday, Sept. 29. Main business taken care of was the dance to be held in the hall on Oct. 8th, with Krebs' orchestra in attendance. Door prize was won by Mrs. Edith Wiper.

Mrs. Marilyn Knights recently visited in Black Diamond where she attended a birthday party given in honor of her grandmother, Mrs. A. M. Knights, 90th birthday.

The pastor has been asked to serve as mission festival speaker on Oct. 17 at St. Peter's Lutheran Church, Edmonton, and therefore there will be no church services at day, October 31.

Jackson Institute Regular Meeting

The September meeting of the Jackson W.I. was held on September 29 at the home of Mrs. W. Bohanon, with 17 members and two visitors present.

Roll call was answered by each member stating a way that harvest time could be made easier.

It was decided the group would be two quilts for the Red Cross. Mrs. Hildebrandt gave a five-minute talk on photo painting. The home economics convener, Mrs. W. Felker, read a paper on helpful cleaning hints, after which a very interesting discussion followed.

Everyone joined in a bit of community singing. "Our bit of fun" was conducted by Mrs. S. Low.

The next meeting will be held at the home of Mrs. J. Olson.

FORMER RESIDENT DIES IN OREGON

Mr. Walter N. Simon, an early resident of the Didsbury district, passed away at his home at Salem, Oregon, on September 15th.

The deceased farmed west of Didsbury and later moved to Salem. He leaves to mourn his loss, his wife, Mrs. Ellen Simon; a daughter, Mrs. Ada Sisco, both of Didsbury.

BERGEN NOTES

(From Our Own Correspondent)

The September Ladies' Aid meeting was cancelled due to the condition of the roads. The October meeting will be at the home of Mrs. Dave Davidson.

Kay Cook is driving a new truck. They have also moved to the Royal Cook house across the river and the latter are now living on the farm.

Rev. Swalm was a recent visitor at Nordberg.

Mrs. Solveig Clarke, Mrs. Ruth Blain and Mrs. Holland were recent visitors at Poplar Valley at the home of Rev. and Mrs. Olaf Haug and family.

Did anyone ever see it so cold the first of October? Many crops remain uncut and gardens and potatoes unharvested. Those whose heads south surely knew what they were doing.

Harmattan News

(From Our Own Correspondent)

Mr. and Mrs. D. Turnbull of Vancouver have been guests of their son and daughter-in-law, Mr. and Mrs. Wm. Turnbull.

Mr. and Mrs. G. M. Chaffey of Vancouver were recent guests of their daughter and son-in-law, Mr. and Mrs. Bob Turnbull.

The Hammatt Hall Club met at the home of Mrs. Warren Conrad on Wednesday, Sept. 29. Main business taken care of was the dance to be held in the hall on Oct. 8th, with Krebs' orchestra in attendance. Door prize was won by Mrs. Edith Wiper.

Mrs. Marilyn Knights recently visited in Black Diamond where she attended a birthday party given in honor of her grandmother, Mrs. A. M. Knights, 90th birthday.

The pastor has been asked to serve as mission festival speaker on Oct. 17 at St. Peter's Lutheran Church, Edmonton, and therefore there will be no church services at day, October 31.

Auxiliary To Sponsor Art Show

The Ladies' Auxiliary to the Didsbury Branch of the Canadian Legion will again sponsor an art exhibit and tea. It will be held in the Lions hall, Saturday, October 16, from 3 to 5:30 p.m.

The primary purpose of this exhibit is to encourage local artists to show their work, and anyone who wishes to have pictures exhibited is asked to leave their names with Mrs. Harvey Gilrie.

The majority of pictures this year have been done by the Sunday group, a number of artists under the direction of Mr. Christopher Stevens of Olds. They include Miss Jean Kirk, Mrs. S. W. Miller, Mrs. Bertha Ayl and Miss V. Miller of Olds, and Mrs. George Mullen of Didsbury.

Featured artist this year will be Mr. Stevens and at least seven of his paintings will be on exhibit. Mr. Stevens studied painting at the Kensington School of Art, London, England, and at Monsieur Martel's School of Art in Paris, France.

The auxiliary is also raffling a painting, which is on display in Folkman's window.

CREMONA NEWS

(From Our Own Correspondent)

Miss Leona Bouck of Jasper has been visiting for the past two weeks with her parents, Mr. and Mrs. L. Bouck.

Mr. and Mrs. Lee Sandeman of Calgary were recent guests for several days at the home of Mr. and Mrs. Jerry Simington.

Mr. and Mrs. C. H. Waterstreet were Edmonton visitors on Thursday and Friday.

Mr. and Mrs. T. Thompson and Mr. and Mrs. H. Boettger attended bingo in Calgary Thursday evening.

Best wishes are sent to Miss Dana McQuarrie, who is a patient in the Didsbury hospital; also to Mrs. P. Banderow and Mrs. George Whitlow, who were recent hospital patients.

WESTCOTT NEWS

(From Our Own Correspondent)

We are sorry to hear that Mr. A. Vipond fell and injured his foot quite badly and over the weekend was taken to Calgary for further advice and treatment.

Best wishes are extended to Mrs. Robert MacFarlane, who was admitted to the local hospital over the weekend and is to undergo surgery shortly.

Mr. and Mrs. Peter Stankens and family of Calgary were dinner guests, on Sunday last with Mr. and Mrs. Herbert Goetjen.

Temperatures dropped to an alarming low on Monday morning, catching a great number of folks with vegetables in the garden, and it is thought there's bound to be much of the produce frozen. Gardens and fields are still so wet that much of this year's gardens and crops were never in condition to garner.

The derick at the Robertson well was taken down on Sunday and since a burning fire has been blazing there, we think it's too bad we couldn't have used that fire to warm up this frozen country.

Mrs. Baudiste Sr. is home again from Carstairs, where she had been caring for Mrs. C. R. Ray, the latter having been admitted to hospital in Didsbury.

Director Advocates Full Membership In F. U. A.

STUDENTS' UNION ELECTION OFFICERS

The Students' Union of the local high school held its annual election of officers on October 1st, with the following results:

President: Norman Archer. Vice-president: Willard Stauffer. Social convener: Lyle Ford. Athletic convener: Jim Zidek.

The election was arranged and carried out by the grade nine students, using the Alberta provincial government system.

Gov't. To Study Damage To Crops

Premier Manning announced Monday the start of a crop-damage survey in Alberta and said the provincial government is "ready to take any practical steps feasible to help meet the problems of industry."

The provincial government will also support the Alberta Federation of Agriculture in its requests that the federal government issue another payment immediately on the last crop year and arrange a system of bank loans for farmers, he said.

Mr. Manning made the announcements following a meeting between the cabinet and a farm delegation headed by Roy C. Marler, A.F.A. president. Also present was Henry Young, president of the Farmers' Union of Alberta.

Mr. Manning stressed the "importance of individual farmers who require seed and feed grain making what arrangements they can at the earliest possible date." He did not elaborate.

The province-wide survey would be to ascertain "as accurately as possible the extent of damage and the outlook in various districts." It would also attempt to determine how much seed and feed grain there is in Alberta farms.

Mr. Manning estimated the survey will take roughly two weeks and would be followed by another meeting between the cabinet and farm leaders.

South West Didsbury

(From Our Own Correspondent)

Mr. and Mrs. E. Good and family have taken up residence in Calgary.

Thursday evening the Sunday school class surprised Mrs. L. Hunsperger, the occasion being her birthday. The evening was spent playing crokinole and a delightful luncheon was served by the class.

Mrs. G. Meyer and Mrs. E. A. Berta and several were Tuesday afternoon visitors of Mrs. Elmer Peiper.

Mr. and Mrs. Max Noley and family of Olds were Sunday dinner guests of Mr. and Mrs. Jack Edwards and family.

Robert Hipkin, L.A.C. of Camp Borden, is home on a month's leave with his parents, Mr. and Mrs. J. B. Hipkin and Pat.

Miss Ivy Mitchell of Edmonton is spending several days visiting Mr. and Mrs. Fred Befus and family.

Miss Carol Owens and Miss Janice Owens were Monday guests of Mr. and Mrs. E. Dippel and family.

B-r-r — Alberta Coldest Province

All central Alberta is now in the grip of the coldest weather to date this season but Alberta, with a two-inch snow blanket covering unharvested crops, has the dubious distinction of being the coldest.

With sharp killing frost again general Tuesday evening and little change in sight, the crop picture took on more dismal hues.

The latest cold wave tossed out another batch of long-time minimum temperature records in major Alberta centres.

The Calgary weather office Monday reported these records established with the previous low leading in brackets:

Sunday, Oct. 3, Calgary 28 above (-32 in 1916); Edmonton 32 (-39 in 1900 and 1916); Medicine Hat 35 (-42 in 1910); Lethbridge 39 (-30 in 1925).

Monday, October 4 — Calgary 18 (-18 in 1903 and 1916); Medicine Hat 16 (-27 in 1916 and 1928).

LETTER TO EDITOR

Dear Sir:

The decision of the Farmers' Union of Alberta (F.U.A.) to go all out in a big one-day drive to enroll a majority of over 50 per cent of all farmers is to be commended. As the Rt. Hon. James Gardiner told a Saskatchewan audience last fall, these should be a 100 per cent farm organization signed up and that their doing so is 40 years past due.

I am very interested in the blueprint of the proposed drive.

As I understand it, the farm union will conduct the drive from headquarters in the lines of a range round-up. They will have foremen with crews of "riders" to sweep up-lands and lowlands for farmers to join. All terms used will be borrowed from the range. It is hoped to gather in at least 55 to 60 per cent of resident farm operators.

If we are successful it will be the first time in the history of Canada that a non-commercial educational organization of farm dwellers succeeded in enrolling a clear majority. In fact we are told that only North Dakota of all the 48 states has reached a long sought goal.

It is to be hoped that Albertans will rise to the occasion. Let's make history as the first provincial body of agrarians in Canada to make this objective. The farmers of Manitoba enlisted 42 per cent, Saskatchewan 48 per cent, and Alberta has only to double its present farm union sign-up in order to break the record.

Do we need such an organization? Are we getting a fair return for the capital invested in the farm? Are we getting a fair return for the labor and risks involved? Should we be penalized if we produce too much, when two-thirds of the population of the world does not get enough to eat?

We are a country of surpluses, which, if properly handled, can be a great asset. A country with millions of dollars of food on hand is just as wealthy as one with the same amount of gold.

I believe it is the responsibility of the country as a whole to store, if necessary, surplus goods for future needs or marketing.

No farmer should be asked to take less than cost of production plus a decent return for his labor and risks involved, for when he does his buying power is impaired and all branches of endeavor in the country suffer.

Only a strong farm organization will improve these conditions, some say it can't be done. They said once that Mr. Everest could not be climbed. Alberta can and will break the record in the field of farm organization.

Yours truly,

FRANK JOHNSON, District 10, F.U.A.

FAREWELL PARTY

Neighbors and friends gathered at the Nuss home Saturday night for the farewell party for Mr. and Mrs. Del Bertho, who are moving to Lament, where they will farm. Shirley Pratt and Marilyn Nuss were co-hostesses. The honored couple were presented with a purse of mementos.

WESTCOTT NEWS

(From Our Own Correspondent)

Mr. and Mrs. D. Hoesgood were Lethbridge visitors over the weekend when they took Mrs. Hoesgood Sr. down to spend the winter with her daughter. Quite a number of friends called on Mrs. Hoesgood on Friday, the day before her departure.

Mr. and Mrs. Arnold Hogg and Mrs. A. L. Hogg were Calgary visitors on Friday.

Mrs. Frank Herbert was a patient in the Didsbury hospital over the weekend, suffering from blood poisoning.

The thermometer dropped to an all-time low for early October Monday morning when it registered zero at 6:30. Owing to the wet condition of gardens, many were caught with potatoes, etc., not so that any within two or three inches of the top of the ground are frozen.

The Elkton Willing Workers plan to hold a food sale at the Massey Harris showroom in Didsbury on Saturday, October 16.

DIDSBURY LUMBER CO. LTD.

A Proud

RECORD

Service has been the motivating force of the Alberta Wheat Pool since its inception 31 years ago. Built on this sound foundation the organization has been outstandingly useful to Alberta's grain producers and has made steady growth.

Today the Alberta Wheat Pool operates a system of 507 country elevators and has terminals at Vancouver and Port Arthur,

all owned by Alberta's grain producers.

Besides giving producers unequalled service and protection, the Pool's financial accomplishments on their behalf have been substantial. From the initial investment of \$81 million made by members in the early years of the organization, the following has been achieved:

| | |
|---|--------------|
| Paid cash patronage dividends | \$ 6,250,000 |
| Purchased reserves in cash | 9,140,000 |
| Paid interests on reserves (1923-29) .. | 630,000 |
| Acquired property at a cost of | 18,200,000 |
| Built up working capital of | 4,800,000 |
| Repaid, with interest, 1929 overpayment | 8,700,000 |

The record of the Alberta Wheat Pool is one of which grain producers who are the owners of the organization may

be justly proud. The Alberta Wheat Pool organization has proven that it is worthy of the continued loyalty of Alberta farmers.

Creeping Red Fescue Started Near Here

Olds School of Agriculture and Home Economics

For almost twenty years O.S.A. has supplied registered seed growers across Canada with foundation seed of Creeping Red Fescue. The original seed was brought to Canada in 1931, and since 1942 Creeping Red Fescue has been grown at O.S.A. Extensive testing was conducted by former principal, James Murray, a recognized authority on field crops. Mr. Murray selected and developed the strain now known as Olds Creeping Red Fescue.

This grass has "caught on" over most of the Province. It is well adapted to central and northern

Alberta as well as the irrigated areas and since its introduction has become the main lawn grass in all but the driest parts of the province. Its extensive root system adds fibre to the soil, and as it without injury, it makes an excellent stand considerable grazing lent pasture grass. Through early tests made with sheep its was found that while timothy, clover, the sheep preferred Creeping Red Fescue to bromes, slender wheat and alfalfa were most popular, and crested wheat.

Perhaps the most dramatic feature of creeping red fescue is the financial return it has given to the successful growers. All growers have not been successful with

ROAD CONDITIONS NEED ATTENTION NOW

Before winter sets in the road from the hospital to the highway should receive immediate attention. If freeze-up comes now with the potholes that are evident, a serious accident could result. Surely this is a minor responsibility that would take no more than two days to remedy. A good grading by a good graderman would end all the trouble.

NEWLY DESIGNED POSTAGE STAMPS

The Post Office Department will issue, on the first of November, two newly designed postage stamps that will commemorate two former Prime Ministers of Canada.

A 4c stamp purple in color, will portray the Rt. Hon. Sir John Sparrow, David Thompson, Prime Minister of Canada from the 5th of December, 1892 to the 12th of December 1894. A 5c stamp, blue in color, will portray the Hon. Sir Mackenzie Bowell, Prime Minister of Canada from the 21st of December, 1894 to the 27th of April in 1896.

These two new stamp issues are additions to the series commenced several years ago which are intended

to though, in fact it is a very temperamental seed crop. Growers living fairly close together have reported quite different results. Because of this inconsistency the farmer, considering seed production is advised to experiment with small plots to determine whether their soil will produce a worthwhile crop. The black soil between Calgary and Red Deer and parts of the Peace River country have produced good seed crops.

One of the most notable seed growers in Alberta is John Olsen of Olds. Fogelvik Farm at Innisfail is another outstanding farm where fescue seed production was pioneered. This farm was started by the late Andrew Anderson and is now operated by his son-in-law Knut Magnuson. Hammer Bros. east of Olds are also large producers of seed and value the grass highly as pasture for their cattle.

While Alberta is the main fescue producing province, several others, British Columbia in particular, have had good results. The yields have been as high as 1400 pounds per acre but the average would be about 250 pounds. In 1948 fescue seed production in Alberta reached almost one and a half million pounds and in some other years has been as high as one million. In 1953 production of seed of this grass reached the six million pound mark and despite the unfavorable growing season this year's production is estimated at between six and seven million pounds.

Over the last five years the federal government's revenue from income taxes has more than doubled.

Through The Study Window

By REV. C. C. ARMSTRONG

Yesterday I returned home, after an absence of exactly five weeks. Of this time, ten days were spent at the General Council, and eight days were required to go there and return. The remaining days, the holiday portion of the trip, were spent in travel and in visiting friends and relatives hitherto unknown. Of course, at times my heart was weary for my ain folk, but it was a wonderful experience throughout.

One of the most interesting features of the trip was a quickened sense of the meaning of time. I phoned home from Sackville at eleven p.m., which was seven p.m. here. We were having breakfast at four in the morning (Didsbury time), and started our evening sessions just as school here was closing.

The difference in hours was one thing, but the differential in years was even more striking. Our war memorials go back to 1914, but in the east they go back to 1714, and earlier. Our oldest houses were built about fifty years. Some in Quebec still standing were erected in 1688. Ancient cannon, dating from the old forts, were reminders that the west was a very new land in terms of settlement.

The church of Our Lady of Victories, built in Quebec in 1688 and St. Paul's (1750) in Halifax are in excellent condition and still very much in use, not simply as historical curios but as centres of worship.

The churches of our forefathers still stand. What about the faith of our fathers? The General Council of the United Church was accused by the Roman Catholics of issuing an attack on their faith, through a booklet "What's the Difference?" This little booklet was severely criticized by a Roman Catholic Archbishop, who had not read it himself but had heard reports of it in the papers.

The booklet itself was not designed as an attack on the Roman position, but points out the differences of interpretation and of emphasis that have risen, and it was a mistake on the part of the Archbishop and of others to assume that the differing points (ecclesiastical "type") were being piled up and put into use once again. There are ancient battlefields of the faith, and the moral and spiritual struggles of the past have their modern counterparts, but we in the U.C. were not declaring war on the R.C's.

Faith is not historically fixed and static in the same way that an ancient fortress of stone is something unchangeable. Faith is related to living things, living people and their problems. An old-fashioned church is simply a place of worship and of itself is not a part of worship. The great value of a church, ancient or modern, is not to stand on the same floor or level as the same bench, but to worship the one True and Ever-living God. I offered up a private petition in churches of Roman and Anglican and U.S. persuasion, and was thankful that these things can be. The Really Ancient People of our Times are the Modern Pagans who live as if churches had not yet come into existence.

Among the satisfactions of a Bank Account...

It's reassuring to watch savings grow. It's to have your bank book record your progress.

You feel more secure with your money safe and readily available when you need it.

It's a comforting feeling to have cash on hand for opportunities, emergencies.

Multiply by 9,200,000 deposit accounts the satisfactions you enjoy from your bank account. The grand total of comfort, security and peace of mind shows, better than a dollar total, the essential value of a bank account. More deposit accounts than there are adult Canadians, with new accounts opening every day, reflects the confidence of the nation in the chartered banks.

PEP FOR MEN

Notes From D.A.

By Hugh McPhail

It is time now to be thinking of
re-organizing the Beef Calf clubs.
Seven clubs completed very suc-
cessful projects last June. It is
hoped that all of these will again
carry on.

4-H Club members learn to do
by doing.

The 4-H Pledge is:
I pledge my heart to clearer
thinking.

My heart to greater loyalty.
My hands to longer service.
My health to better living.
For my club, my community,
and my country.

Club members learn to co-op-
erate, to judge cattle, to feed and
fatten cattle.

They learn how to conduct
meetings. Every member gets the
chance to speak to the members
and their friends. To be suc-
cessful clubs must have the interest
and support of the parents.

The clubs in the district have
had wonderful support from par-
ents and the communities. They
have been very fortunate in their
club leaders. The oldest leader in
point of time served is James
Hughes. This club is starting on
its 14th year and Mr. Hughes has
been the leader all those years.

Other clubs and their leaders
follow:

Jutland, Sandy Brander.
Carstairs, Harold Schiele.
Crossfield, Jim Baxter.
Olds, Lawrence Fisher.
Cremona, Vair Reid.
Westward Ho, Tony Spooner.
West Didsbury whose leader is
Jim Hughes is re-organizing to-
night. I hope the others will fol-
low this example soon.

FORMER EDITOR HERE:

Mr. and Mrs. E. J. Rouleau and
Mr. and Mrs. J. Rouleau of Pin-
cher Creek and Miss Winona Rou-
leau stopped in at the Pioneer of-
fice on Saturday. Mr. and Mrs.
E. J. Rouleau and Winona left
Calgary on Wednesday for Toron-
to where Ed will undergo med-
ical observation and surgery for
his health.

Feeding Beef Calves

In feeding beef calves individ-
ually from weaning at six months
of age, it has been found that
bulls gained most rapidly, steers
ranked second and heifers third.
The economy of gains was in the
same order.

When starting calves on grain
feeding at the Experimental Sta-
tion at Scott, Sask., the practice
followed in most cases is to give
two pounds of hay to each pound
of grain mixture for the first few
weeks. If the hay is not fully con-
sumed the grain mixture is reduced
accordingly, and increased
later as the calf becomes accus-
tomed to the concentrate.

During the winter of 1953-54
only bulls and heifers were fed
individually at the Scott Station.
The average gain for seven bull
calves in 174 days was 2.36 pounds
per head daily and for seven
heifers in 230 days 1.62 pounds.
The grain requirement per hundred
pounds gain was 446 pounds
for bulls and 541 for heifers.

The hay was gradually reduced
in proportion until the quantity
of grain mixture was from three
to four pounds to each pound of
hay at the end of the feeding test.
The object in feeding more hay
at the beginning is to help prevent
the animals from going off feed
which so often happens at first
unless special precautions are
taken. The object in reducing the
proportion of hay as the feeding
period advances is to get the calf
to eat more grain.

The average daily grain intake
reached a maximum of 14 pounds
for heifers and 18 pounds for
bulls. For the purposes of the test
the bulls were fed until they
reached 900 pounds and the heif-
ers 800 pounds. The average time
required to reach these weights
was 374 days for bulls and 441
days for heifers.

The animals were hand fed, but
unless the feeder is experienced
in hand feeding for maximum
gains and the same person feeds
every day, and at the same hour,
a more satisfactory plan would
be the self feeder.

The grain mixture for this test
was approximately two-thirds oats
by weight and one-third barley
with ten per cent linseed meal
at first. This proportion was grad-
ually reversed by the middle of
the feeding period with the lin-
seed meal being reduced to five
per cent.

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

Within another week students will be returning to the College, and new students will be here for the first time. Miss Janet Steeves of Hoadley is here now helping to get the school into good condition. We appreciate her coming. She will register as a full-time student. She is a sister of Mrs. John Wilson, who is so well known among us.

Miss Walsh's sister, Mrs. Havens, is visiting at the school for a brief period.

Mrs. Suder and Miss Eby have moved into their apartments since we wrote last. Getting settled is the order of the day, and that will be accomplished before the end of the week.

On Tuesday evening Miss Eby's Sunday school class met in her home for a party in honor of one of its members, who is a bride-elect, Miss Donna Sherick. She was presented with the traditional cup and saucer that the class had instituted. They wish Donna every happiness.

Mr. and Mrs. Lusk have arrived. Mr. Widmark, the piano instructor, came with them, and it was a real time of rejoicing and welcome when these members of the faculty came back. They are ready for a good winter's work and are looking forward to classes, choir, and community choir work. Plan to join one of these societies and make this winter count musically.

Many of the ladies of the church helped clean the class rooms, dormitories and apartments during the last week. Some are still expecting to give further assistance. We do appreciate the help of these friends. A few vegetables have also come to us, and since the root cellar is finished, or nearly so, we will be glad to receive any vegetables you may have to offer whether that be little or much. Some renovation has been necessary in the faculty lounge at the College. Mr. Alvin Traub has kindly donated his time and labor to put in a new ceiling. The room is now ready to be redecorated.

Some good carpenter may be interested in helping to put an entry to the two new apartments during the next few weeks. This will be a major necessity now that the weather is getting colder and the doors to the apartments are so arranged that storm doors can not be used. You might contact Mr. Taylor if you have a little time to give.

Registration for College has been postponed one day due to Thanksgiving coming on October 11th. So on October 12 at 9 a.m. the office will be open for registration and all students should be on hand at that time. There may be those who could take a class or two during the winter. Why not register and get what you can by way of class work. The schedule is already set up and you may be able to get a forenoon class, or an afternoon class, that would be to your liking. Bible, theology, Sunday school work, evangelism, church history, youth work, Greek, apologetics and kindred subjects are offered to you even though you come only part time. Make the winter months count and register at Mountain View Bible college, the College that is in Didsbury!

ENGAGEMENT ANNOUNCEMENT

Mr. and Mrs. L. G. Wright of Hartman wish to announce the engagement of their youngest daughter, Patricia May, to Wilfred John Schneidermiller, youngest son of Mr. and Mrs. John Schneidermiller of Didsbury. Wedding to take place November 5th at 2:30 p.m. in the Redemer Lutheran Church, Didsbury.

WEDDINGS

GILLRIE — RINGHEIM

A very lovely double-ring ceremony was performed by Rev. Miller of Olds at 8:30 p.m. September 18 in Knox United Church, where Dor El-nora, daughter of Mr. and Mrs. H. Ringheim, became the bride of Jack Harvey Gillrie, son of Mr. and Mrs. H. R. Gillrie, all of Didsbury.

Given in marriage by her father, the bride wore an Empire line styled frock of white bengaline with seed pearl trimmed cloche cape and shoulder-length veil. She wore pearls with matching earrings and carried her mother's white Bible topped with an orchid and lover's knot streamers.

The bridesmaid, Miss Natalie MacKenzie of Medicine Hat, wore a cocktail dress of Christian Dior blue, complemented with pink feather hat and matching stole. She carried a colonial bouquet of pink rosebuds.

The groom was attended by his brother, Kenneth Gillrie and ushering was Bob Ringheim of Creston, B.C., cousin of his bride.

Miss at Pat Halliday presided at the organ and rendered "Ava Maria" during the signing of the register.

A reception for the immediate wedding party was held at the home of the brides parents. The bride's table was centred with a beautiful three-tiered wedding cake. Mr. Kenneth Gillrie proposed the bride, to which the groom responded.

For the occasion the bride's mother wore a dusty rose two-piece suit, complemented with navy accessories. Her corsage was white carnations and pink rosebuds. The groom's mother wore a navy frock with pink satin embroidered flowers and matching pink accessories. She wore a corsage of pink carnations and rosebuds.

For a wedding trip to the mountains and points in B.C., the bride donned a navy cotton cord suit. Her accessories were of white and she wore an orchid corsage.

Mr. and Mrs. Gillrie will make their home in Red Deer.

CHRISTIAN SCIENCE

The ever-availability of the healing power of Christ, Truth, will be brought out at Christian Science services this Sunday. "Are Sin, Disease and Death Real?" is the subject of the Lesson-Sermon. Selections to be read from the Bible include the account of Christ Jesus' healing of the leper as given in Matthew (8: 1-3): "When he was come down from the mountain, great multitudes followed him. And, behold, there came a leper and worshipped him, saying, Lord, if thou wilt, thou canst make me clean. And Jesus put forth his hand and touched him, saying, I will; be thou clean. And immediately his leprosy was cleansed."

Among the passages to be read from "Science and Health with Keys to the Scriptures" by Mary Baker Eddy is the following (142: 31): "Truth is God's remedy for error of every kind, and Truth destroys only what is untrue. Hence the fact that today, as yesterday, Christ casts out evils and heals the sick."

The Olds Gazette reports that Wes Houchen grew 42 bushels of Gateway barley from a 12-pound sample which he planted last spring. Gateway is a new variety produced at the University of Alberta.

WEDDINGS

LUFT — BUDDEN

Memorial Presbyterian Church in Rocky Mountain House was the scene of a pretty wedding on Friday, Sept. 3 at 2:30 p.m., when Rev. A. L. Sutherland united in marriage Nellie Rose, daughter of Mr. E. W. Budden of Butte, and Howard Allan Luft, son of Mr. and Mrs. J. Luft of Didsbury.

Given in marriage by her father, the bride looked charming in a white satin gown with net inserts, a hot water and tulle point sleeves. Her floor-length veil fell from a Queen of Scots headdress and she carried a white Bible with red sweetheart roses from which hung white streamers and red roses. Her only jewellery was a double strand of pearls, a gift of the groom.

Her only attendant was her sister, Miss Daisy Budden, who wore a floor-length gown of mauve taffeta with an overskirt of nylon net and matching bolero and gloves. Her shoulder length veil was held with an oval-shaped coronet. She carried a bouquet of yellow and mauve carnations.

Mr. Donald Luft, brother of the groom, was best man and ushers were Mr. George Budden and Mr. Don Freeman. Mrs. Harold McCabe played the wedding music and during the signing of the register sang "Because."

A reception was held in the W.I. hall, which was decorated for the occasion with pink and white streamers and bells. The toast to the bride was proposed by Rev. Sutherland, to which the groom responded.

After the reception the happy couple left on a honeymoon to points in the United States. For travelling the bride changed to a rose suit with navy accessories. On their return they will reside in Calgary.

GREAT UNKNOWN

The hateful depths to which man descends.

Are splashed in print for the world to see:

His cynical, ulterior ends.

Exposed, spotlighted mercilessly.

But the depths of good in the soul of man.

The quiet springs of brotherhood.

Flow steadily since time began —

Unhindered but great and good.

—May Richstone
